All-Inclusive Family Vacations in Vermont

Every summer since 1933, the Tyler Place has welcomed families to northwestern Vermont with an understanding that both parents and kids need and deserve the very best possible family vacation.

What makes Tyler Place so unique? All families arrive on the same day and stay for the week encouraging fast and strong friendships that often last forever. Mornings, kids meet in their groups while their parents can join – or not – in dozens of other adult activities. Afternoons are devoted to family time together, and then come evening, the kids return to their groups for pizza and pool parties, cookouts, hayrides, or tubing while their parents head up to the inn for cocktails and dinner. The result is a perfect balance of family time, kid time, adult time and couple time.

“The Tyler Place is the perfect blend of family time, new friends, adult activities and conversation—and an awesome kids’ camp for all ages. We know why everyone keeps coming back.”

— R & H, Madison, Alabama

“For working parents with young children, The Tyler Place is a little piece of vacation heaven.”

— C & H, Glen Allen, Virginia

A True Vacation for Every Member of the Family

10 Separate Programs for Babies to Teens

Our 10 award-winning, morning and evening programs for children are age-staggered, allowing for activities keyed to kids' abilities and interests. While a 4-year-old might watch puppet shows, cool off in the splash pad, and enjoy pontoon boat rides, her 12-year-old brother could be kayaking, banana boating, and mountain biking. Each age group enjoys a high ratio of counselors to kids and has its own recreational space and its own schedule of activities, so kids do new and exciting things each day with an emphasis on unplugged, outdoorsy fun.

"Our entire family absolutely love The Tyler Place. Our 9-year old says every day is the BEST day! It is perfection defined—don't change a thing!"

— A & A, Woodside, California

Family Activities

Families spend all afternoon together in countless ways. Try out the trampolines, sailing, kayaking, fishing, tubing and exploring on your own—or on guided nature trips, sampling maple sugar on snow at our Vermont field days or arts and crafts. Bikes have taken over as the preferred mode of getting around. Bikes for kids and adults, tagalong bikes, tricycles, baby seats and helmets are yours free for the week.

Couples and Adults

Relive your summer camp days while your kids are living theirs, and delight in your new time alone as a couple. There are unlimited opportunities for adventure whether guided kayak trips, aqua aerobics and yoga classes, sailing across the bay, tennis or simply relaxing in one of our many lakeside hammocks. Night-time, take advantage of our many sitters, so that you can enjoy parents' nights out at our bar and lounge as often as you like. Each evening has a different, informal entertainment theme from dance party, to trivia, to live jazz.

“The Tyler Place holds a special place in our hearts. It is a place that makes it so easy and fun to create incredible family memories year after year, both as a couple and with our boys.”
— J & S, Tampa, Florida

Food & Drink

During your stay at Tyler Place, your family will enjoy three fresh and healthy meals a day served buffet-style with many ingredients sourced from local farms. One of the most beloved features of the Tyler Place is that kids dine earlier so they can be out and about with friends and counselors, while their parents are able to relax and enjoy conversation over cocktails and meals. Our family breakfast room is available for families wanting to start the morning together, and you can get a lunch picnic basket at no extra charge.

In our bar and lounge, you can taste fine wines from around the globe, enjoy local brews and sample Vermont spirits.

The Art of Choosing the Right Accommodation

Tyler Place offers over 70 different accommodation options, from private cottages to suites at the inn. The four factors affecting your overall cost are:

1. How many in your party

As an all-inclusive resort whose prices include accommodations, meals, and a huge array of activities, daily rates are set on a per-person basis.

2. When you visit

Midsummer is our peak season. Rates are lower before mid-June and at the tail end of the summer.

3. How long you stay

For most of the summer, guests arrive on a Saturday and stay for seven nights. There are, however, opportunities for 3-, 5-, and 8-day stays during the first and last week of our season, which runs from Memorial Day weekend through Labor Day week.

4. Where you stay

One of the most charming aspects of the Tyler Place is that no two accommodations are the same. This is also what makes our pricing more complicated than at your cookie-cutter chain hotel.

Each of our accommodations is unique in its size, floor-plan and location. Our offerings range from private cottages with multiple bedrooms on the lakefront that can accommodate a family of 10, to cozy suites at the Inn just the right size for a couple, to single family cottages perfect for babies or toddlers. Every accommodation offers a master bedroom and separate bedrooms or sleeping areas for kids; and almost all accommodations have a screened in porch, kitchenette, living area, and fireplace. We can, of course, provide cribs for babies and toddlers.

Happily, our reservations staff know every suite and cottage inside and out and can help find accommodations that are just right for your family. Please give them a call. They know their stuff and make the process a breeze.
