Infant and Toddler Care

Welcome to the Infants and Toddlers program at The Tyler Place!

Who attends this program?

Infants: newborns - 12 month-olds

Junior Toddlers: 12 - 18-month-olds

Senior Toddlers: 18 - 30 month-olds

What is a Parents' Helper?

Prior to your arrival, we make arrangements for you to have your own Parents' Helper who will provide individual care for your child. Your Parents' Helper will feed, change, bathe, entertain, put your child down for naps and to bed at night. They will follow your directions, schedules, and routines as closely as possible. You will receive a Parents' Helper confirmation card in your welcome packet when you check in that will tell you their name, phone number, and recommended hourly rate.

Tyler Place Rates for Infants and Toddlers

Early and Late Season Part-time Parents' Helper Care

During May, early June, and September our Parents' Helpers provide care to 1-2 children at a time during the morning program. For this reason, The Tyler Place will cover your Parents' Helper's hourly salary during the morning program. We return to one-on-one care in the evening and thus, you will be expected to pay their rate during the evening program.

Family Time

Scheduled program hours are 8:30 a.m. - 1:30 p.m. and 5:30 p.m. - 8:30 p.m. The time between programming is called Family Time. This is your time to reconnect with your family and do as you wish. We offer several organized activities throughout the week as well as access to all of our facilities during this time. Your Parents' Helper is not required to work outside of program hours however most are happy to upon arrangement. The Front Desk is also able to arrange babysitters for you if your Parents' Helper is unavailable.

Where does this group meet?

This group will spend most of their time in the upper level of the Playhouse (next to the Gift Shop, across from the Inn). Your Parents' Helper will meet you at your accommodation at 5:00 p.m. on the day of your arrival. We suggest you discuss such things as your child's eating habits, sleeping hours, favorite games, etc. as soon as possible. Please give your Helper as much information about your child as you can.

Recommended Fees for One-on-One Care

These fees are in addition to the daily rates listed above. These fees are paid directly to your Parents' Helper and are only applicable when receiving 1:1 care.

Your 1:1 Parents' Helper is paid directly by you, by the hour. Recommended rate of pay depends on age and experience, and usually ranges between \$12 - \$14 per hour. For the care of each additional child, we suggest you add \$1 - \$2 to the hourly rate.

Although hours are flexible to meet your specific needs, most parents prefer a split shift of mornings and evenings. We do ask that you give your Parents' Helper at least 4 hours off each day.
